B. AMENDMENTS TO THE SPECIFICATION

Please amend the paragraphs as follows:

[0061] In email 612, the email reader automatically selects the recipient in “to” field 616 as the future recipient selected by the sender if a “reply to” option is selected. The recipient may also be allowed to add additional recipient addresses or may be barred completely from [[–]]choosing recipients other than the future recipients pre-selected by the sender of the email.
